

Since 1997, Habitat has built or improved 75 homes and completed 38 Aging in Place projects in Douglas County.

Dear Friends,

Did you know that **1 in 4 Douglas County households spends more than they can afford on housing**? This forces them to make impossible choices between safe homes, nutritious food on the table, health care, or reliable transportation. *Which would you choose?*

At Habitat for Humanity, we believe that everyone deserves to build the foundation for a stable, healthy future for themselves and their families.

In Fiscal Year 2020-2021, we built four new homes and completed 15 Aging in Place projects. **You are key to helping those families!**

Through financial support, volunteering, or adding a voice to support affordable housing, everyone can help families achieve the strength, stability, and self-reliance they need to build better lives for themselves.

Together, we can continue building hope, homes, and community for more local families.

Thank you for your support!
