

We build strength, stability, self-reliance *and* shelter.

January 11, 2021

Dear Build Partner,

We truly appreciate your interest in bidding on our 2021 build projects! Beginning in April, we look forward to building with four families and completing 20 Aging in Place projects.

Habitat Douglas County is fortunate to have many of our skilled contractors and subcontractors donate all or a portion of their time and/or materials to contribute toward the building of these homes.

The in-kind donations of labor and materials we've received have been a blessing to our work. We encourage you to consider how you may be able to help by listing your in-kind gifts of material and labor on the proposal bid form.

Your support would help serve more families in our community build a decent place to call home.

Thank you for your interest in partnering with us. Please feel free to contact us with any questions you may have.

Sincerely,

A handwritten signature in cursive script that reads "Lori Anderson".
